

# OWASCO

Combi steamer to transport cargo and passengers. Built by Harland & Wolf in Belfast in 1892.

## Features:

4.630tn tonnage, length 122 meters, beam 14.5 meters and speed of service 11 knots.

## Sinking:

The December 10, 1917, sailing in convoy at Norfolk-Geneve route a load of 50,000 barrels of gasoline, was torpedoed by the U64. It sank 25 minutes after being hit "burning like a torch ..." as said one of the survivors at the "New York Times" on January 25, 1917.
